Seating Textiles

THOUGHTFULLY SELECTED FOR SPECIALIZED MED-TECH ENVIRONMENTS

All Cramer textiles are carefully selected with healthcare, higher education, and lab environments in mind. This collection of textiles meets the same stringent standards we demand of our premier line of task chairs and stools by concentrating on smart design and high-performance.

A main focus, as always, is on infection control and durability. Shallow textures and minimalistic patterns are incorporated in order to provide a unique and modern variety of design options without compromising performance or cleanability.

The entire offering exceeds our 100,000 double rub requirement and the majority of our fabrics meet advanced environmental and sustainability standards.

Customer's Own Material (COM)

If you would like to use a COM fabric or vinyl, please call Cramer Customer Care at **800.366.6700** to see if your selection is already on our extensive list of approved textiles. If the COM has not yet been approved, simply send us a memo sample and note the product to which the COM will be applied along with your contact information. We will contact you with approval after the memo is received.

When you are ready to place your order, submit your COM to us at:

Cramer LLC
Attn: COM Dept
895 East 40th Street
Holland, MI 49423

On your PO, use "COM" as the fabric code (ex. EMMD1-COM-1) and note the COM vendor, pattern name, and color in the item description. Lead time on COM orders begins once COM is received. If you require a specific ship date, also note the date your COM will ship from the vendor.

Our COM yardage requirements (based on 54" wide fabric) are 1.25 yards for all products (Triton Max 1.5 yards). If you are ordering a large quantity of chairs or have a COM with a large repeat, we can provide a specific yardage quote for your needs. Excess yardage will be disposed of after order production. We assume no responsibility for the durability or tailoring quality of any COM.
