Loop

Loop

## Technically speaking, it's simple.

Loop blends strength with modern design and lightweight mobility, delivering durability, style, and ease for hard-working lab environments.

### **Organic shape**

Ergonomically sculpted to cradle and support the body with natural comfort.

### **Reliable mobility**

Strong, lightweight continuous loop steel frame stands up to damage-inflicting impacts.

### **Simple cleaning, soft curves**

Zero edges plus a chemical-resistant polypropylene back keep disinfecting simple.

### **Modern design + custom colors**

Sleek tube frame and dynamic color palette add style to your space.

### **Purposeful craftsmanship + affordability**

Premium components in the simplest form at a lower price.

## FEATURES

- Loop's continuous loop steel frame is strong, durable, and lightweight
- Soft edges buffer damage-inflicting impact to the chair and surrounding environment
- Minimal joint hygienic design for easy cleaning and disinfection
- Organic chair shape receives and supports the user's body
- Chemically-resistant polypropylene back for ultimate cleanability
- Color palette complements any lab environment

## CONSTRUCTION

- 14-gauge powder-coated steel frame
- i+™ Polyurethane seat
- 25" durable nylon base
- Polypropylene back
- Field-replaceable seat cushion
- Glass-filled nylon seat pan
